**RE: Objection to Production of Account Information; BMG Rights Management (US) LLC, et al v. Cox Enterprises, Inc. et al; Civil Action No. 1:14cv1611 (LO/JFA)**

Dear Sir/Madam:

Please forward this Objection to discovery to the presiding Judge in the above-referenced matter and file it in the case, if applicable.

I received a written notice from Cox Communications (“Cox”) that my IP Address (24.250.164.15) is associated with the above-referenced action. I notified Cox that I was not a subscriber to Cox internet service until August 12, 2014, which is outside the relevant time period (5/29/14-6/29/14) for the discovery sought related to IP Address 24.250.164.15 (Doc. 72-4, line 87). Attached hereto as Exhibit “A” is a redacted copy of my Cox invoice, confirming the commencement of internet service on August 12, 2014.

Cox intends to produce the personal account information of all customers assigned to the IP addresses in question—even those who were not subscribers to Cox during the relevant time periods listed in the discovery request! This broad reading of the Court’s Order could drag dozens of innocent parties into this litigation if production is not limited to the relevant time periods listed in Doc. 72. For these reasons, I object to the production of my personal account information associated with IP Address 24.250.164.15 with internet service commencing on August 12, 2014.

Sincerely,

  
John Doe

## MOTION TO QUASH OR MODIFY

I received a letter from my ISP regarding a subpoena, which included a copy of the Order Granting Plaintiffs Application for Leave to Take Discovery.

From accounts of previous defendants of BMG Rights Management, these subpoena notifications are followed by demand letters. These letters, which demand \$2000 to \$4000 to avoid dealing with their lawsuits and their phone calls, which are persistent, are the reason I am filing this motion, and for this reason, I respectfully request that I be allowed to do so without revealing my personal identifying information.

John Doe, appearing *pro se* and non-party in the attached case, hereby moves this Court pursuant to Va. Code 8.01-277 to quash the subpoena *duces tecum* which was served on COX ENTERPRISES, INC., at the request of the Plaintiffs.

In support of his motion, John Doe states as follows:

1. He is not a party to COX ENTERPRISES, INC
2. He nor his household (Him, his wife and 2 adult children) have participated in copyright infringement of any sort.
3. His personal home computer wireless network is secured with a password and shows no sign of being breached.
4. Upon information and belief, his IP address was not in copyright infringement of any sort by any person, let alone residing in the top 250 alleged offenders.
5. Upon information and belief, the Plaintiffs have either made an error in flagging his IP address as participating in copyright infringement or the Plaintiffs are arbitrarily choosing IP addresses and falsely accusing them of wrongdoing.
6. Upon information and belief, the Plaintiffs receive a large amount of income by sending threatening letters and phone calls regarding copyright infringement to those who they believe are guilty.
7. Upon information and belief that the sole reason for the subpoena is to gain access to the personal information of the accounts associated with these IP addresses with the purpose of harassing them for money. The public is entitled to be protected from such a misuse of the discovery process.
8. Upon information and belief, the Plaintiffs have not presented evidence supporting the claim of violation. Any evidence that has been submitted should be heavily scrutinized as Doe, who has full access to his computer and network, can find no evidence of alleged copyright violation.

Due to the Plaintiff's history of harassing individuals whom they obtain account information on, the court is subjecting Doe to this harassment based on poor or nonexistent evidence.

WHEREFORE, John Doe respectfully prays that the Court enter an order quashing or modify said subpoena *dues tecum*.

Dated June 5, 2015

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John Doe", is written over a horizontal line.

From:

Your Honor,

On 05/28/2015 I received a subpoena to have Cox Enterprises release information from my IP address: 68.231.50.100.

CIVIL ACTION No. 1:14cv1611 (LO/JFA)

I don't know why this information is requested. I am a 86 year old widow living in Sun City AZ. I only use my computer for Facebook, Skype and Gmail. I have mild Alzheimer's/dementia and feel this was a scam.

I object to the production of my subscriber information due to the fact I only use my computer to see my family on facebook and skype my grandchildren. I also manage my bank products thru the internet.

Please consider my request.

Sincerely,

To the honorable John F Anderson,

I received a letter from Cox Communications in regards to BMG Management Vs Cox Communications. My IP address and personal information will be subpoenaed for allegations of illegal downloading of media.

I am an 80 year old Cox Cable and internet customer. I do not have computer experience and I am unaware of any illegal activity on my network. I have wiFi internet, and have had the network set to public not knowing that it needed to be secured. Apparently everyone in my neighborhood has had access to my network .

My children have assisted me with this situation and have secured my IP address.

I would like to file a motion to quash and I object to the production of my subscriber information being released.

Your assistance on this matter is greatly appreciated.

**Civil Action No. 1:14cv1611(LO/JFA)**

Dear Hon. John F. Anderson:

Good morning. I'm writing this letter in regards to a case that BMG Rights Management has with Cox Enterprises. I received a letter from Cox stating my IP address 174.68.109.242 was used on September 16, 2014-October 14, 2014 with BMG Rights Management. I'm currently serving in the United States Navy at this time. I'm objecting this matter because I didn't have Cox service at that time frame due to me being on military deployment with USS Carl Vinson from August 24, 2014-April 10, 2015. I started my Cox account on April 30, 2015 and was issued that IP address. The IP address was used on the previous dates from an older customer I'm assuming. I have attached supporting documents for this matter included. If you have any questions or concerns please contact me at your earliest convenience. Thanks for your support.

Your Honor,

I am writing to you to submit an objection to my personal information being turned over from Cox Communications to BMG Rights Management. Case # 1:14-cv-01611-LO-JFA. I understand that it is advisable to have a lawyer issue the objection on my behalf, but please understand that my husband and I are college students with two children to support on food service wages and simply can't afford to hire an attorney to do this for us.

My husband and I made the enormous mistake of having basically the easiest password someone can have on our wifi. We calculated the risk of this to be slim to none and realize we have made a terrible mistake. Your Honor, as I'm sure you know it is likely the intention of BMG to either bully us into a settlement or file a lawsuit against us. This would be an unbelievable blow to our family especially considering the fact that as criminal justice students we know what an illegal act downloading movies and music is. This is an act we have never and would never engage in. The main reason we use our wifi is because of how necessary it is to complete our school assignments and we do not use it for any kind of illegal activities.

It is on no other grounds than our complete innocence that I issue this objection. When the evidence that the plaintiff has is nothing more than an IP address, it is a certainty that there will be a considerable amount of people that are innocent of wrong-doing and I beg you not to ignore that fact as we are definitely in that category. Since learning about this case we have since secured our wifi and will continue to periodically change the password. I ask you to please reconsider the ruling of having our information turned over. This would result in nothing more than an innocent family answering for the illegal actions of somebody else. This has been an incredibly stressful time for us since learning about it and it is a very big comfort to know that it is just possible that you might consider our plea to you. Thank you so much for reading this.

Dear Judge Anderson,

I am contacting you about Case 1:14-cv-1611-LO-JFA Document 78 (Filed 05/15/2015) against Cox Enterprises, Inc., et al. One of the IP addresses identified in the Exhibit 4 of this case was identified as being assigned to my account. I am reaching out to you to express my objection to the production of my information for the following reasons:

- 1) I would like to maintain my rights to privacy because I do not want to be harassed by anyone regarding this allegation.
- 2) I fear that the detriment of releasing my personal information as it relates to this case outweighs the benefit it can gain.
- 3) As I review the copy of the litigation, I feel that "250" (stated in the demand of "Top 250 IP Addresses") is an arbitrary number and it just happened that my IP address is between the 200 and 250 mark. Why not top 100, 150 or 260? Is 251<sup>th</sup> IP less liable than the 250 IPs?
- 4) Most importantly, I, personally have not committed any infringement as described in the court order document. I am one of the few who are still fairly ignorant when it comes to computers and mostly use it for work related matters. Also, I am very much aware of the law against illegal downloading, etc.

I hope you consider this information in regards to my appeal to remain private with Cox IP account. Thank you for taking the time and attention to this matter.

Sincerely,

Jane Doe

P.S.

RE: BMG Rights Management (US) LLC, et al, v. Cox Enterprises, Inc., et al.,  
IP Address: 184.187.131.137

Dear Judge Anderson:

In reference to the above litigation, I have learned from my internet/cable provider, Cox Enterprises, Inc., that sometime between the time I moved into my new home on approximately August 29, 2014 until the date that you signed the order in this case for Cox to produce names of the people with a certain delineated IP Addresses, namely May 15, 2015 that Cox had assigned to me the IP Address of 184.187.131.137, which is the address listed on Exhibit 4 of their discovery motion listed as number 184.

I was told by Cox that I did not have that IP Address during the time in question in this litigation of 8/22/14 - 10/11/14 and that Cox rotates IP Addresses and that my current IP Address is 98.179.219.138.

In August of 2014, my wife and I were building a new home in a new subdivision in \_\_\_\_\_ We did not move into our home until 8/28/14 or 8/29/14. Our cable was not hooked up to a Wi-Fi system until about one to two weeks after that time and the day that it was hooked up to the Wi-Fi system it was password protected. Neither my wife nor I download anything off of the internet. Therefore, if anything was downloaded it would have had to have been from someone tapping in to the hard cable during the one to two weeks it was hooked up to the pole outside of my home but not hooked up to my home. Even if that were so, I did not have the IP Address in question, 184.187.131.137, during the time in question in this litigation of 8/22/14 to 10/11/14.

Very truly yours,

The current problem that I have is that I really don't want to spend a lot of time and money hiring an attorney in Virginia to fight this lawsuit when clearly I should not be involved in this litigation. Cox's Legal Department tells me that they responded to the wording of your Order by providing you with the names of all of their customers who were ever assigned any of the IP Addresses listed on Exhibit 4 from 8/22/14 to 5/15/15. Cox followed the strict wording of your order, but clearly I did not have the IP Address in question during the time period when the infractions allegedly occurred.

Therefore, for the above reasons, I object to my name being released to the Plaintiff in this litigation as there is clearly no way I could have been involved in downloading any copyrighted information for the time period in question of 8/22/14 to 5/15/15 as I was not assigned to the IP Address in question during that time period.

Thank you very much for your time and please let me know if I can simply be excluded from having my name released to the Plaintiff as having the IP Address in question during the time period in question of 8/22/14 – 10/11/14. Thank you and I remain

Respectfully yours,

Dear Honorable Judge John Anderson,

I respectfully object to my information being shared. I have a small understanding of what is going on as I am a previous employee of Cox Communications. I just do not know how it pertains to me. I own 2 TV's that connect to my Wi-Fi as well as my cell phone, Blu-ray and a videogame system. I don't own a computer and haven't in several years. There are plenty of them at my work and my husband's work and I don't need to own one. I don't understand why this case is being directed at an IP address they say is mine but I don't think it is. In any case I don't want my information shared on some fishing expedition. After further Google research, I found out how to check my IP. The Listed IP in the plaintiff's paperwork doesn't match my IP. After checking my IP at Whatismyip.com, I found it is 174.69.15.213 which does not match up with the number provided by your plaintiff. I do not to be bothered further with threatening letterers with me being listed as a defendant in their lawsuit. If you would like send a tech out to check out my IP first hand, please call 239-896-0198. In either case, no one has done anything wrong and they have no need for any further information other than my actual IP I just provided. I will not give them the privilege to my information as is my right of privacy granted to me by the constitution of the United States of America any deviation of this is without my permission will be considered a direct violation of my Civil rights as an American Citizen and will be pursued in the United States Federal Courts.

I have printed out a copy of my IP address from my phone so you could see for yourself. This information is shared with you in strict confidence I do not wish the information to be shared with anyone else it is to assist you in making your decision in the impending case.

Sincerely,

They Selected This address as Mine.  
It is incorrect.

**Lookup** tool. No IP Lookup tool is 100% accurate due to many different factors. Some of those factors include where the owner of the IP has it registered, where the agency that controls the IP is located, proxies, cellular IPs, etc. If you are in the US and the controlling agency of the IP is located in Canada, chances are the IP address lookup results will show as Canada. Showing a Canadian IP while in the US is very common among Blackberry users on the Verizon network.

IP Quick Search Utility include the IP Address, City, Host Name, Region / State, Country Name, Country Code, Time Zone, Longitude, Latitude, ISP, Speed, and IP Decimal.

they perform an IP address lookup, that they are going to find the physical address of the user assigned the IP in question. This is simply not true. At this time, we are not aware of any address database that will give you the exact physical postal address of the IP. At best, you'll get the exact city in which the user of the IP is located. For an address you would need to contact the ISP (Internet Service Provider) of the IP. However, without a police warrant, or some sort of legal document forcing the release of information, don't expect them to give you the mailing address of the user that sent you the offensive email at the time you received the offensive email, or other means of offensive communication from said IP. The best you can do in this case is to file a complaint with the ISP and ward them all of the information from the questionable / offensive IP. Filing the complaint. Dear Sir,

I would respectfully like to object to my personal information being submitted to BMG Rights Management in the case involving Cox Communications. The IP Address 72.200.204.12 was assigned to me on May 15, 2015. I did not have the IP Address on the date ranges in question. I would like my privacy respected and information withheld. I appreciate your understanding and concern in this matter.

Respectfully,

Civil Action No. 1:14cv1611 (LO/JFA)

Hon. Judge Anderson-

This letter is in reference to the BMG Rights Management LLC et al vs Cox Enterprises, Inc. Specifically in regard to the IP Address: 68.9.92.136

I am writing to formally object to the production of my subscriber information being released to BMG.

The dates in question in Exhibit 4 for this IP Address, reference a start date of May 30, 2014 and an end date of November 10, 2014. During those dates, I was NOT a customer of Cox Communications. My first date of service with Cox was December 19, 2014. Therefore, this IP address in question was assigned to another person during those dates. Since BMG is looking for personal information during a time period I was NOT a customer at Cox, I respectfully ask that this information not be released to BMG.

Thank you
